

Peer Voices: Reflection Questions

For service providers:

What is one thing you learned from a person who uses drugs in this video?

Does this video change the way you think about people who use drugs? If so, how?

How does harm reduction and public health benefit from the work of people who use drugs? What are some examples?

What is your role in harm reduction? Do you work in collaboration with people who use drugs? If not, how would you?

For the general public:

What is one thing you learned from a person who uses drugs in this video?

Does this video change the way you think about people who use drugs? If so, how?

From your position, how can you reduce the harms created for people who use drugs? Do you work in collaboration with people who use drugs? If not, how would you?

What are some of the important roles people who use drugs play in creating and sustaining successes in public health?

For peers/people who use drugs:

Did you connect with anything from this video? What?

What are some of the important roles people who use drugs play in creating and sustaining successes in public health?

Is there anything else you would like people to know about harm reduction from your perspective?
